

FEATURES

- Real time measurement and monitor
- Sampling frequency 2s per time
- OLED HD display screen
- Touch control buttons
- Aluminum alloy housing
- Anti-impact tempered glass cover
- Ultra low power consumption in shutdown mode

TECHNICAL SPEC

Display	OLED touch screen	
Material	Aluminum alloy	
Communication mode	WiFi (GSM optional)	
Built-in temperature range	-20°C~60°C	Accuracy : ±0.3°C
Built-in humidity range	0~99%RH	Accuracy : ±3%RH
Ext. sensor sound dB range	30dBa~130dBa	Accuracy : ±2dBa
Resolution	0.1dBa	
Sensor weight	60g	
Sensor length	72mm	
Sensor dia	26mm	
Storage environment	-40~60°C, 0%~85%RH	
Working environment	-20~60°C, 0~100%RH	
Battery type	5000mAh	
Power supply	5V DC, USB charging
