

### FEATURES

- Real time measurement and monitor
- Sampling frequency 2s per time
- OLED HD display screen
- Touch control buttons
- Aluminum alloy housing
- Anti-impact tempered glass cover
- Ultra low power consumption in shutdown mode

### TECHNICAL SPEC

Display	OLED touch screen	
Material	Aluminum alloy	
Communication Mode	WiFi (GSM optional)	
Built-in Temperature Range	-20°C~60°C	Accuracy : ±0.3°C
Built-in Humidity Range	0~99%RH	Accuracy : ±3%RH
External Sensor	-200°C~200°C	Accuracy : ±0.2°C
Recording Interval	1-60 min (adjustable)	
Sampling Speed	2s/time	
Storage Environment	-40~60°C, 0%~85%RH	
Working Environment	-20~60°C, 0~100%RH	
Dimension	110.7 x 68.5 x 20mm	
Battery Type	5000mAh	
Power Supply	5V DC, USB charging
