

INTELLIGENT MEASUREMENT-LASER DISTANCE METER
(High end professional)

Range : 0.2-40/60/80/100m
Accuracy : $\pm(2.0\text{mm}+5\times 10^{-5}\text{D})$

3-in-1 Multifunction Laser Distance Meter **R2B**

3-in-1 multi-functional laser distance meter

Point-to-Point Measurement

Laser line marking

Bluetooth data transfer through App

NI-MH rechargeable batteries

IP65

TECHNICAL PARAMETERS

Model	R2B	Angle Sensor	√
Curve Measurement	√	Screen rotation	√
Single Measurement	√	Display Screen	2.4 inch color display
Continuous Measurement	√	Voice Broadcasting	Chinese/English
Area	√	Reference	Top/Tripod screw/Bottom
Triangular Area	√	Unit	m/ft/in/ft+in
Volume	√	Memory	50sets
Pythagoras (2-point)	√	Auto Power off	After 180s of inactivity
Pythagoras (3-point) ①	√	Protection Class	IP65
Pythagoras (3-point) ②	√	Laser Class	Class 2
Auto Level	√	Laser Type	630-670nm, < 1mW
Auto Height	√	Battery Type	Powered by 3xAAA battery
Trapezoid measurement 1	√		(NI-MH rechargeable battery)
Trapezoid measurement 2	√	Charging Interface	TYPE-C USB接口
Point-to-Point (P2P)	√	Operating Temperature	0°C~+40°C (32°F~+104°F)
One line Marking	√	Storage Temperature	-20°C~70°C (-4°F~158°F)
Add/Subtract	√	Size	137x55x26 mm
Bluetooth	√	Weight	132g
